

# DI IN GERMANY

DI has helped member companies realize their international ambitions since 1996.

Depending on the stage your company is at, DI in Germany can assist with advice and services that can help you further in the German market.

#### Our services include:

- Establishment of a local entity
- Recruitment of local employees
- Access to shared office space in Berlin
- Outsourced administration service
- Business address
- Director and Prokura service
- Virtual representation

We can also help with strategic advice and market analysis so that you are well-informed before you meet with the German market.

#### Full-service solution

DI's office in Berlin also offers a "Full Service" solution that ensures a safe and quick start-up for your company on the German market. We handle everything from employment contracts, recruitment of local labor, and salary administration.

As part of a "Full Service" solution, your employees can be part of DI's state-of-the-art office community in Berlin, where we ensure an inspiring environment so that your employees can focus on the customers - and us on everything else.
