

# DI'S GLOBAL OPERATIONS

The Confederation of Danish Industry offers services and advisory related to establishment, growth, and operations in international markets. We are present and can assist you in the following markets: **Germany, USA, India, China, Australia, Mexico, and Brazil.**

We have helped Danish businesses realize their international ambitions since 1996. Today we have more than 40 experts who support a growing number of companies with everything from the initial decisions related to market selection to establishing a subsidiary, recruitment, hosting employees locally, and administration.
